

PROJECT NAME:	Margate Sports Complex
PROJECT LOCATION:	City of Margate, Florida
PROJECT DESCRIPTION:	
The design/build project was for a new Sports Field, Covered Play Structure and Restroom Building including paving, grading and drainage modelling, utility service and storm water pollution prevention plans located at 1695 Banks Road, Margate, Florida 33063.	
THOMPSON & ASSOCIATES ROLE:	
As sub consultant, T&A was the civil Engineer-of-Record responsible for developing demolition plans, paving grading and drainage plans, water and sewer plans, pavement markings and signage plans, details and specification, and storm water pollution prevention plans. The scope also included preparing stormwater modelling for an environmental resource permit and coordination with the client for building department permits. Post design services included review of shop drawings, construction observation during critical tests and construction activities, review of as-builts and permit close out.	
PROJECT START DATE:	November 2019
PROJECT END DATE:	June 2021
