

PROJECT NAME: **RAVENSWOOD ROAD IMPROVEMENTS FROM STIRLING ROAD TO GRIFFIN ROAD CEI SERVICES**

PROJECT LOCATION: Broward County, Florida

PROJECT DESCRIPTION:

This scope included Construction Engineering and Inspection (CEI) services related to the improvements of Ravenswood Road from Stirling Road to Griffin Road.

THOMPSON & ASSOCIATES' ROLE:

Provided CEI staff on-site observing construction activities and documenting events with daily reports, including construction staff on-site, contractor's equipment, weather conditions, NPDES notes, MOT notes, documenting geotechnical tests, and a basic description of site activity. Also provided general coordination efforts between the County, Engineering-of-Record, Geotechnical Engineer, and the Contractor. General coordination efforts include attendance at the pre-construction meeting, weekly schedule update, geotechnical test coordination, and daily on-site meetings as well as special meetings as required by the County.

PROJECT START DATE: December 2016

PROJECT END DATE: March 2017
