

PROJECT NAME: SW 120th SREET ROADWAY IMPROVEMENTS

PROJECT LOCATION: City of Doral, Florida

PROJECT DESCRIPTION:

As part of the Bridgeprep Charter School development, Miami, FL, the Miami-Dade County required a signalized intersection, 2 left turn lanes and 2 right turn lanes, as well as pedestrian/bicycle lanes and additional sidewalk for pedestrian safety. Improvements were designed for 700 LF of SW 120th Street, which is a divided 4-lane facility with curb and gutter section. The design included drainage calculations, surface water management plans, pavement marking and signage, and SWPPP plans.

THOMPSON & ASSOCIATES ROLE:

T&A is the engineer-of-record for the project and will complete a due diligence report, preliminary design, final design, permitting, bidding assistance, and construction inspection services. Prepared the final design packages including demolition, site preparation, paving; grading; drainage collection systems; water distribution system; wastewater collection system; signage; pavement marking; and erosion and sediment control plans.

PROJECT START DATE: 2016

PROJECT END DATE: 2020
